

Preventative Maintenance Inspection

Laser Plumbing Grey Lynn has created a preventative maintenance inspection for both plumbing fixtures and gas appliances within your property.

Help reduce the number of emergency call outs and potential property damage due to plumbing issues and put your mind at ease.

Plumbing Inspection \$199 + GST

- 30+ point visual inspection

Gas Inspection \$299 + GST

- Gas leakage test
- Inspection and testing of all gas appliances
- Gas certificate provided

Full report will be provided, alongside recommendations for short, medium, and long term maintenance.

*Travel charge may apply for work outside of Auckland Central
